

COVID 19 Protocol

Thank you for coming to EyeCare for You! In order to keep you safe, we ask that you follow a few safety precautions when you visit our office.

- Please wear a mask - Although we will social distance to the extent that we are able, some eye care testing requires less than 6 feet of space. We will be wearing masks as well.
- Please use hand sanitizer or wash your hands upon entering - It will be available at the front and optical desks.
- Please maintain 6 foot social distancing as practical
- We will email your receipts and copies of your prescriptions to you
- Please email us your HIPAA form, an email agreement is sufficient
- Please wait outside until we indicate that we have sanitized in between patients
- Please limit visitors who come with you, they may be asked to wait outside
- Please call to reschedule if you have any symptoms of fever or illness!

We are taking extensive precautions in office to keep everyone safe. Thank you for your help in keeping our patients and families healthy!
